Subject: Supervision 21 NCAC 54 .2008

To whom it may concern:

I have been a Licensed Psychological Associate since 1991 (i.e., 28 years). I wholeheartedly support the changes proposed by Licensed Psychological Associates (LPAs) to remove career-long supervision LPAs. The verbiage submitted is logical and reasonable, recognizing the need for supervision at the Levels 1 and 2, but no longer requiring supervision at the higher levels of practice of seasoned LPAs.

I believe this change is long overdue and will assist in meeting the needs of numerous persons seeking the quality services of LPAs.

Respectfully,
Britton D. Welch
LPA # 1465
