**Subject:** Support for reduced supervision of LPA's

To whom it may concern,

I am writing in support of ending the lifetime supervision requirement of LPA's. It is excessive, unnecessary, wasteful, and places undue burden on the ability of LPA's to provide needed services to clients in our state relative to licensed providers with other Master's degrees. I have been licensed as an LPA since 1988, and have found that for many years now, no Ph.D (even the very knowledgeable and skilled Ph.D, ABPP who provides my supervision) has more skills than I have acquired, making clinical supervision inconsequential for the quality of my care of the clients I serve, and an unnecessary waste of time and money.

Warmest Regards,

Deb Evans

NCPA license # 1259
