**Subject:** Proposed rule change 21 NCAC 54.2008

I am writing to express my support for the proposed rule change 21 NCAC 54.2008, which will end career-long supervision for LPAs. Currently, this rule is prohibiting **desperately needed, quality** mental health services for those living in rural Northeastern North Carolina. As you make your decision, I urge you to consider the equity of available services in ALL regions of North Carolina.

With kind regards,
